💼 PROFESSIONAL EXPERIENCE

Instructor, Digital School Macedonia
11/2023 – present
Skopje, Macedonia

As an instructor at Digital School Macedonia, my role includes:
- Creating engaging and comprehensive lesson plans to teach various digital skills.
- Guiding students through hands-on projects to apply their learning in real-world scenarios.
- Encouraging teamwork and collaboration among students to enhance their learning experience.
- Ensuring students gain the necessary competencies to thrive in the digital age.
- Providing personalized guidance and support to help students achieve their academic and career goals.

Intern Assistant Instructor, Digital School Macedonia
06/2023 – 09/2023
Skopje, Macedonia

- Providing support and helping students to overcome academic difficulties and challenges.
- Observing and acquiring techniques for engaging classroom instruction with young learners
- Attentively engaging with instructors to gain proficiency in LMS utilization

📚 COURSES

Front-End Development, Digital School Macedonia
10/2022 – 03/2023
Skopje, Macedonia

I completed the Front End Development course in just six months, and it was a demanding and thorough course that gave me the expertise I needed to succeed in the front-end development industry. I studied various front-end programming topics during the course, including HTML, CSS, and JavaScript.I developed a strong foundation in front-end technologies, learning everything from the syntax and semantics of HTML to creating attractive and responsive user interfaces with CSS.

Full-Stack Development, Arra Academy
08/2022 – 10/2022
Prishtina, Kosovo

I completed this intensive 2-month training in various languages as a Full-Stack Developer, where I faced numerous hurdles and was successful in completing them. I learnt a variety of languages as follows:
- WORDPRESS HTML CSS JS BOOTSTRAP
- DATABASES IN PHP AND MYSQL
- SQL DATABASE + C#
